Trophy

Dear Chondhury Sahib,

I have just returned to the Hill Tracts after my tour of the U.S.A. and other countries. In fact I went round the world.

I would like to record here my deep sense of gratitude to you for affording me the honour and opportunity to represent my country at such an august forum as the World Food Congress. It was indeed very kind of you and I do thank you once again.

On my part I have done my best to represent my country in a befitting manner and to increase the prestige of the State.

When you come to Chittagong next I intend to call on you and also present a very small token of appreciation - a memento I bought overseas for you.

With every good wish
Yours sincerely
Ludwikoy.
